Introduction

A collective mindset has always guided LSA's ethos, underpinned by the collaborative nature of design and craft. It's an approach that celebrates connection—to each other, and to the environment we live in. The small moments of everyday life in which we all find common ground.

COLLECTIVE is a new mixed-material collection of tableware which enhances different settings, cuisines and occasions. From simple family meals to abundant dinner parties, Collective offers pieces which welcome everyone to the table.

This community mindset extends to the environment in which we live, manifesting in a new range of vases to our award-winning CANOPY collection. Developed in partnership with educational charity the Eden Project, the vases are handmade from 100% locally-sourced, recycled glass bottles and jars. Inspired by the varying shapes and textures of seeds, this new range of vases features curved forms with a tactile texture and rippled rim, referencing organic patterns found in nature such as the Fibonacci sequence.

This season we also add to the FOLK collection, characterised by bold coloured stripes and undulating forms, the collection captures the vibrancy of traditional Polish costume in the medium of mouth-blown glass. The FOLK collection received a GOOD DESIGN Award in 2024, alongside the VICTORIA vase collection. Both were recognised for their design excellence, adding to our collection of international design awards.

Our Pillars

HERITAGE

Janusz Lubkowski co-founded LSA International in 1960s London. In an environment synonymous with cultural and social change, his belief in a diversity of ideas and a passion for contemporary design ensured the company thrived. Through shared experience and inherited values, Monika Lubkowska-Jonas continues to develop her father’s vision and a culture of understanding that defines our company’s past, present and future.

DESIGN

Our design process is inspired by the way people live. A sustainable approach which goes beyond form and function to create something considered, something of intrinsic value. We design for people with the aim of understanding the purpose and the environment in which our products are used. Thoughtful, considered design.

AWARDS

- 2014, 2017, 2018, 2019 – iF Design Award
- 2016 – DesignPlus Award
- 2016, 2017, 2018, 2021, 2023, 2024 – Good Design Award
- 2020 – Green Good Design Award

Our Pillars

CRAFT

Through the skilled use of hand tools and an understanding of high quality raw materials, our European craftsmen use traditional techniques to transform natural materials into products of intrinsic value.

Every mouth-blown glass piece is finished accordingly using a range of detailed processes. FSC® certified wood is seasoned, then sanded by hand to ensure a smooth finish, whilst porcelain is created using a mix of the latest technology and traditional techniques, all fired twice to ensure durability. Our experience with our primary material, glass, enables us to experiment and push the boundaries of hand production, using the craftsmanship and skill of European producers.

SUSTAINABLE CHOICES

Our intention is to create useful, versatile and relevant products which endure in quality and style. We consider how our products might serve a greater purpose and enhance our environments: improving our surroundings while leaving less of an impact on the earth. By designing lasting, considered products we encourage people to make sustainable choices: buying less and owning for longer. Our collections consider the importance of biophilia, biodiversity and the benefits of biophilic design, exploring how nature has the power to positively impact wellbeing.

“We believe in using traditional methods to realise original modern designs. Collaborating with skilled craftsmen for over fifty years allows us to design intuitively to the strengths of each material”

Monika Lubkowska-Jonas, CREATIVE DIRECTOR

New Collections

A collective mindset has always guided our ethos, inspired by the collaborative nature of design and craft. Our new collection is centred around collective experiences and the shared occasions and rituals that unite us. From dining together to arranging flowers from a friend, inclusive and open gestures of cooperation are simple ways in which we can all contribute. Building a culture and community in which everyone is welcome.

Drinkware

A comprehensive collection of glasses and serveware for presenting and serving a variety of drinks and cocktails. Modern and inspiring glassware that can be used in a variety of environments. From connoisseur sets and mouth-blown stemware to versatile, award-winning tumblers, our thoughtful, considered designs enhance the spaces in which they are used. All designed and crafted with attention to detail and an appreciation of the material from which they are made.

BORIS

Inspired by the simple geometry of cylinders and circles, BORIS is one of our long-established collections. The pairing of a heavy base with a fine rim is only possible through expert hand production.

WHISKY CLUB

A contemporary collection of cased peat brown whisky drinkware and accessories, mouth blown by master glassblowers. Inspired by the luxurious yet intimate ambience of a members' club, the rich brown glass echoes the colour of peat, used to imbue whisky with a distinctive, smoky flavour. The traditional craft of encasing clear and coloured glass by hand is used to achieve the rich peat colour of WHISKY CLUB.

WINE CULTURE

Our shared experiences increase the diversity of ideas and influence our behaviour, allowing us to engage the senses and appreciate the simple rituals of daily life, arranging the table, dining with friends or pouring a glass of wine. Our interpretation of CULTURE manifests itself in this series of modern, intuitive designs.

Intuitively designed and elegantly proportioned, WINE CULTURE is for the discerning individual who appreciates the subtle nuances of modern design. The bowls of each glass are mouth blown by master craftsmen using the highest quality materials, with hand drawn stems and feet shaped and applied by hand. Culture promotes understanding and takes many forms.

CANOPY

This award-winning, 100% recycled glass collection was launched in collaboration with the educational charity the Eden Project. Centred around hydration and wellbeing, the contemporary drinkware pieces are cylindrical in form with a subtly domed base, inspired by the iconic Eden Project Biomes. To make each piece, locally-sourced, discarded, clear jars and bottles are sorted, crushed and heated in the furnace until molten, before being mouth blown by skilled glassblowers.

ARC CONTRAST

A collection of tumblers which add colour and texture to the original clear forms of the GOOD DESIGN Award winning ARC drinkware collection. Tactile translucent and matte finishes meet in the centre of the glass to create contrasting surfaces which play on light. The soft, gentle silhouettes and the textured surface sit comfortably in the hand and the tonal array of colours lend themselves to creating individual or multi-hued colour stories.

Table & Serveware

Modern tableware and serveware handmade from natural materials, lending warmth and modernity to the surroundings in which they sit. There is a careful consideration to how our products can serve a greater purpose than just functionality; they are designed to be used over many years, helping to bring people together as we prepare, host and share dishes.

Mouth-blown glass domes and glass stands with wide plates can be used for presenting cheese, cakes and savoury goods, whilst contemporary porcelain pieces for the table are fired twice for strength, durability and colour.

KONSTANTIN

Designed as a centrepiece, the KONSTANTIN cakestand is mouth-blown and shaped by the most skilled of the master craftsmen. No two pieces are ever the same, yet the quality and scale are maintained to create a unique item.

KEY FEATURES

COLLECTIVE

A mixed-material collection of tableware for different cuisines, uses, environments and occasions. Gently tapered forms with relaxed, low profiles and a soft radius in porcelain, ash wood and mouth-blown glass bring a contemporary aesthetic to archetypal tableware.

The versatile pieces are designed to be used collectively, selected to complement each other, various settings and one's own personal style. The collection recognises dining as a shared experience, able to deepen connections and create a sense of community among those gathered around the table.

Porcelain is available in white, deep cobalt blue or dark mocha, referencing the traditional colours of decorated ceramics.

FOLK

Playfully curved shapes and bright colours inspired by our Polish heritage. The coloured glass of our FOLK serving pieces draws inspiration from traditional Polish Łowicki fabrics. Solid, coloured glass rods are fused with a gather of clear glass and then mouth blown into a bespoke mould. The skilled, handmade process produces distinctive folk-inspired patterns and organic forms, with no two vessels ever being the same.

**Winner 2024 – The Good Design® Award from
The Chicago Athenaeum: Museum of Architecture and Design.**

BALCONY

A collection of mouth-blown glass planters that borrow their structural, offset shapes from abundant city balconies and agricultural terraced landscapes. The self-watering design for plants, bulbs and herbs uses subirrigation to deliver water directly to the roots of the plant. Each planter in the collection takes its inspiration from biophilic design; a concept centred around our affinity to engage with the natural world.

CANOPY

This award-winning 100% recycled glass collection was launched in collaboration with the educational charity the Eden Project. Self-watering planters, closed gardens and vases are designed according to biophilic principles and feature contemporary domed shapes inspired by the iconic Eden Project Biomes. To make each piece, locally-sourced, discarded, clear jars and bottles are sorted, crushed and heated in the furnace until molten, before being mouth blown by skilled glassblowers.

Winner of the iF Design Award 2019
Winner of the Good Design Award 2020
Winner of the Green Good Design Award 2021

FOLK

Colourful striped vases and decorative objects inspired by traditional Polish Łowicki fabrics. Solid, coloured glass rods are fused with a gather of clear glass and then mouth blown into a bespoke mould. The skilled, handmade process produces distinctive folk-inspired patterns and organic forms, with no two vessels ever being the same.

BEACON

BEACON introduces a modern collection of mixed-material candleholders with a modular design. Conical glass forms with a linear texture hold a powder-coated steel candleholder with low profile and wide rim. The steel component may be removed so the pleated glass vessel can be used separately as a vase and in some cases, as a storm lantern. Available in varying heights, shapes and colours, offering ambient candlelight to table settings and interiors.

VICTORIA

A collection of vases created in tribute to the late florist Victoria Taberer-Bond. A long-standing partner and friend to LSA, Victoria crafted arrangements for editorial shoots, bouquets for the LSA showrooms and presented flowers for events, always lending her passion, astute eye and love for organic colour. Her inspiration came directly from the natural world, with her vivid style challenging uniformity. In her memory, the mouth-blown vases are based on the design of florists' conical metal containers, with the flared or tapered forms and wide flat collars facilitating and encouraging creativity when arranging flowers or foliage. For each VICTORIA vase we sell, we will make a donation to the cancer charity Sarcoma UK in her memory.

Winner 2024 – The Good Design® Award from The Chicago Athenaeum: Museum of Architecture and Design.

SCULPT

Stacked geometry and angular modern shapes define the SCULPT collection. The carved wooden totems of Constantin Brancusi are referenced in the sculptural outlines of each mouth-blown vase and vase/lantern. Forms appear to expand and contract rhythmically across the collection as close attention is paid to line, scale and equilibrium. The neck of each piece slants inwards or outwards, giving choice when arranging flowers, foliage and single blooms.

SCULPT vase H65cm clear (SG07), vase/lantern H36cm clear (SG05), vase H100cm cognac (SG10)

KEY FEATURES

- Stacked, angular shapes
- Tapered and flared necks for varying displays
- Available in clear and cased cognac glass
- Cut and polished rims
- Two of the vases can be used as lanterns for added versatility
